

National Chung Hsing University of Department of Chemical Engineering

Guidelines for New Graduate Students in Confirming Thesis Advisors

Revised and approved at the Department Affairs Meeting on November 14, 2012
Revised and approved at the Department Affairs Meeting on January 14, 2015

Article 1

To ensure balanced development and appropriate planning of personnel and resources, the number of master's students supervised by each professor is allocated according to the department's "Master's Student Quota Allocation Guidelines."

Article 2

From the announcement of admission results, new students may refer to the faculty expertise and research area introductions provided by the department. Based on their interests, students may conduct interviews with faculty members. Upon mutual agreement, the selected faculty member will serve as the thesis advisor. A formal consent form must then be signed.

★ This consent form should be prepared in duplicate: one copy for the student to keep and the other to be submitted by the thesis advisor to the department office for registration.
